Wholesale Only—No Retail Sales

Member of National and State
Nursery Associations

VERHALEN NURSERY CO.

POLICY—

Our policy is to furnish stock fully graded and properly named. Any deviation from this plan will be accidental and we assume no responsibility greater than the invoice of the stock involved.

TERMS—

ALL SALES ARE STRICTLY CASH with the one exception to those whose credit has been established in past years. Nursery supplies are net cash to everyone. Open account sales, Net 30 days.

TAGGING AND CHECKING: An extra charge of 10% will be made when customers select their plants in the fields, or if we tag nursery stock for our customers for any reason. Increased labor costs make this charge necessary.

CLAIMS—

Our responsibility for condition of plants being shipped ends when we make delivery in good order to the transporting companies. Damages having occurred thereafter are to be taken up with the carrier. We will assist when we can help in settling such problems.

Claims for quality of stock must be made within 10 days after date of invoice. **LATE CLAIMS WILL NOT BE CONSIDERED.**

PACKING CHARGES AND TRUCK DELIVERIES

Baling, boxing or crating for local freight or express shipments will be charged at cost. No charges are made for bulk truck or car loading.

Deliveries to customers in Dallas on invoices of \$50.00 or over will be made on our truck at F.O.B. Dallas Warehouse prices.

To other destinations where two or more orders are delivered in the same load each customer will be charged proportionately as to mileage and size of his order.

—Delivery Charges Payable at Time of Delivery—

ORDERS—

All orders are accepted with the understanding that we are not to be held liable in event of accident, extremities of weather or other causes beyond our control.

Liners in Pots weigh approximately 25 lbs. per 100 plants. They are grown in Michigan Peat.

MINIMUM ORDERS OF 25 PER VARIETY

LINER LIST

1960 - 1961

Over the years we have enjoyed the reputation of having the best Lining Out Stock available. It is our intention to maintain the same high standards in the future.

Liners at VERHALEN'S are propagated from large cuttings and from vigorous plants. They are grown in larger and deeper pots and are in outdoor type beds so that they are ready any time for delivery. They are never too tender to go outside.

ARBORVITAE

Biota orientalis aurea conica GOLDCONE ARBORVITAE

A compact grower; is smaller, more brilliant and more uniformly golden than Berckmann's. Hardy. 8 feet.

	Weight	Price
Liners, 2½ inch pots		\$.22
12-15 inch, 1 Gallon Can	8	.70
15-18 inch, B&B	30	\$ 1.00

18-24" 2 GAL. Biota orientalis aurea conspicua GOLDSPIRE ARBORVITAE

Conspicuously golden color on very flat panels. Growth is pyramidal and open. 20 feet.

Liners, 2½ inch pots	\$.22
----------------------------	--------

Biota orientalis aurea nana BERCKMANN'S GOLDEN ARBORVITAE

Very compact and moderately slow in growth. New foliage is golden. 15 feet.

Liners, 2½ inch pots	\$.22
10-12 inch, 1 Gallon Can	8 .70
15-18 inch, B&B	30 1.00

24-30" B&B Biota orientalis bonita BONITA ARBORVITAE

Dwarf size, rich dark green color, compact and round character. 6 feet.

Liners, 2½ inch pots	\$.22
----------------------------	--------

Biota orientalis aurea bonita GOLDEN BONITA ARBORVITAE

Golden form of Bonita arborvitae. Color is just as good as Goldcone Arborvitae. 6 feet.

Liners, 2½ inch pots	\$.22
18-24 inch, B&B	30 1.50

Biota orientalis bonita upright BREWER'S HYBRID ARBORVITAE

Deep green upright or pyramidal arborvitae; compact medium grower. 8 feet.

Liners, 2½ inch pots	\$.22
15-18 inch, B&B	22 1.00

30-36" B&B Biota orientalis conica glauca BLUECONE ARBORVITAE

More compact than Excelsa Arborvitae; slightly darker color and more symmetrical in growth. Because of deep rich green, this plant appears to be blue at times. 10 feet.

Liners, 2½ inch pots	\$.22
30-36 inch, 5 Gallon Can	35 1.75

Biota orientalis howardi BLUESPIRE ARBORVITAE

More columnar and darker than Baker arborvitae. Bluish foliage prompts its name. Keeps its good color during dry or cold weather. 12 feet.

Liners, 2½ inch pots	\$.18
18-24 inch, B&B	22 .85
24-30 inch, B&B Special	30 1.25
30-36 inch, B&B Special	40 1.50

Biota orientalis pyramidalis BAKER'S HYBRID ARBORVITAE

Pyramidal, compact and fast grower. Light green in color. 15 feet.

Liners, 2½ inch pots	\$.18
18-24 inch, B&B	22 .85
24-30 inch, B&B	30 1.25
30-36 inch, B&B Special	40 1.50

VERHALEN NURSERY CO.

Cedrus atlantica ATLAS CEDAR

Stiff horizontal branches with short dark green needles. Nearest thing to spruce for the South.

	Weight	Price
15-18 inch, 1 Gallon Can	8	\$.75
24-30 inch, 5 Gallon Can	35	2.00

Cedrus deodara DEODAR CEDAR

Silvery blue, soft textured spruce or fir-like tree. Very graceful and different. Not hardy in Kansas or Missouri and north. 25 feet.

15-18 inch, 1 Gallon Can	8	\$.75
24-30 inch, 5 Gallon Can	35	2.00

Cupressus arizonica ARIZONA CYPRESS

Pyramidal growing conifer. Rather slender in shape and has silvery light blue foliage. Grown from grafted liners. A fast grower. A good item in the sales yard. 25 feet.

15-18 inch, 1 Gallon Can	8	\$.75
30-36 inch, 5 Gallon Can	35	2.25

TAXUS HICKSI AND CUSPIDATA (CENTER), 1 GALLON

Taxus cuspidata JAPANESE YEW

Spreading Japanese Yew. This useful plant consistently outsells any other single landscaping plant throughout the Mid-West. Wide spreading habit with glossy, dark green foliage. Shears well and grows in sun or shade. This selected strain develops quickly into bushy, well filled plants. 5 feet.

12-15 inch, 1 Gallon Can	8	\$ 1.10
--------------------------	---	---------

Taxus hicksi (Media) HICK'S YEW

Well known and popular columnar form. Fast, vigorous grower. Grows almost vertically with very dark, rich foliage and brilliant scarlet fruit in fall. 8 feet.

12-15 inch, 1 Gallon Can	8	\$ 1.10
--------------------------	---	---------

Taxus media browni BROWN'S YEW

Graceful vase-shaped Yew; more upright than the regular spreading Yew. Heavy, dark green foliage.

12-15 inch, 1 Gallon Can	8	\$ 1.10
--------------------------	---	---------

10% "CASH" Discount on plant material. 5% quantity discount on 250. 10% quantity discount on 1000. Quantity discounts apply to one variety, one delivery. No discount on invoices less than \$10.00.

JUNIPERS

Juniperus chinensis pfitzeriana **PFITZER JUNIPER**

Our plants are well developed, full bodied, high crowned stock due to heavy shearing. 10 foot spread.

	Weight	Price
Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.65
15-18 inch, 5 Gallon Can	35	2.00
12-15 inch, B&B	22	1.00

15-18" 29 **Juniperus chinensis pfitzeriana blue** **BLUE PFITZER JUNIPER**

Same habits of growth as regular Pfitzer except for distinctive blue color. Little more compact grower and just as hardy. 7 foot spread.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can (Spring New)	8	.70
15-18 inch, 5 Gallon Can	35	2.00

TEXAS STAR

Juniperus chinensis (Blue Vase) pfitzeriana **TEXAS STAR JUNIPER**

A new type juniper not definitely identified as a Pfitzer. However, it has the general characteristics of that variety of juniper. Texas Star was originated in the Gulf Coast country. It has a bright blue color, has compact foliage and grows in dwarf fashion with very little trimming. Branches are broad at the base but pointed. 4 foot spread.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
15-18 inch, 5 Gallon Can	35	2.00
12-15 inch, B&B also 2 gal.	30	1.00

Juniperus chinensis sylvestris **SYLVESTER JUNIPER**

Its special attraction is its soft green two types of foliage and thickly covered irregular side branches. 25 feet.

Liners, 2½ inch pots		\$.18
36-36 inch, 5 Gallon Can	35	1.75

Juniperus communis hibernica fastigiata **IRISH JUNIPER**

An exceedingly narrow form of upright, pillar-like juniper which is weather and sun resistant and does well in our southwest. 8 feet.

Liners, 2½ inch pots		\$.18
15-18 inch, 1 Gallon Can	8	.70
24-30 inch, 5 Gallon Can	35	1.75

Juniperus conferta **SHORE JUNIPER**

Pleasing light green, soft foliage; prostrate branchlets growing upright to 12 inches. Excellent for low plantings, hanging over walls, etc. 8 foot spread.

Liners, 2½ inch pots		\$.22
12-15 inch, 1 Gallon Can	8	.70
18-24 inch, 5 Gallon Can	35	1.75

VERHALEN NURSERY CO.

Juniperus excelsa stricta SPINY GREEK JUNIPER

Small, conical glaucous plant. 6 feet.

	Weight	Price
Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.70
<u>24-30 inch, 5 Gallon Can</u>	35	2.00

Juniperus hetzi glauca HETZ JUNIPER

A silvery blue, low growing plant similar to the Pfitzer but faster growing. 10 feet.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can	8	.65
18-24 inch, 5 Gallon Can	35	2.00
12-15 inch, B&B	22	1.00

Juniperus procumbens JAPANESE JUNIPER

Low growing creeping plant with thick blue-green foliage. 10 foot spread.

Liners, 2½ inch pots		\$.22
10-12 inch, 1 Gallon Can (Spring)	8	.70

Juniperus sabina vonehron VONEHRON JUNIPER

A broad fast-growing form of Savin Juniper, having rich green foliage. 10 foot spread.

Liners, 2½ inch pots		\$.22
18-24 inch, 5 Gallon Can	35	2.00

Juniperus virginiana canaerti CANAERT JUNIPER

Dark green foliage interspersed with blue berries and growing in tufts of varying lengths which give the slender pyramidal form a naturally irregular and rugged style. 18 feet.

24-30 inch, 5 Gallon Can	35	\$ 2.50
5-6 feet, B&B	160	5.00

Juniperus virginiana cupressifolia HILLSPIRE JUNIPER

Shapely, upright pyramid of attractive gray-green foliage. Fine cypress-like foliage easily trimmed to narrow shape. 20 feet.

6-7 feet, B&B	200	\$ 6.00
---------------------	-----	---------

Juniperus virginiana hilli HILL DUNDEE JUNIPER

An attractive grayish green during summer months turning to a purple in winter. Compact growth which responds favorably to trimming. 20 feet.

3-4 feet, B&B	110	\$ 3.00
4-5 feet, B&B	160	4.00

Pinus caribaea SLASH PINE

Fast growing, native East Texas to Georgia and two to three hundred miles inland. 40 feet.

Liners, B.R. 1 Year Seedlings, per thousand		\$ 8.50
15-18 inch, 1 Gallon Can	8	.70
3-4 feet, 5 Gallon Can	35	2.25

Pinus halepensis ALLEPPO PINE

Light green in color with leaves three to four inches long; cones 3½ inch. 20 feet.

12-15 inch, 1 Gallon Can	8	\$.70
24-30 inch, 5 Gallon Can	35	2.00

"Cash" Discount means AT TIME OF ORDER OR DELIVERY—not 2 days or 20 days later—and does not apply where an unpaid balance exists.

MONTANA MUGHO PINE, 1 GALLON

Pinus Montana Mughus	MONTANA MUHO
Faster and larger growing than regular Mugho Pine.	
	Weight Price
10-12 inch, 1 Gallon Can	8 \$.70

Pinus nigra	AUSTRIAN PINE
Hardy pine for arid and cold climates. Long dark green leaves. Medium height at maturity.	
12-15 inch, 1 Gallon Can	8 \$.70
24-30 inch, 5 Gallon Can	35 2.00

Pinus strobus	WHITE PINE
Tall symmetrical pyramidal crown; a very hardy tree. Best known American evergreen tree grown anywhere.	
12-15 inch, 1 Gallon Can <i>few</i>	8 \$.70

Pinus sylvestris	SCOTCH PINE
A rather small, straight stemmed tree. Grows well on dry sandy soil where other pines cannot survive. 15 feet.	
12-15 inch, 1 Gallon Can	8 \$.70
24-30 inch, 5 Gallon Can	35 2.00

BROADLEAF EVERGREENS

Abelia grandiflora	GLOSSY ABELIA
Shrub with dark green and coppery, very glossy leaves and covered all summer with a myriad of fragrant, dainty pinkish-white bell shaped flowers. 7 feet.	
Liners, Bareroot heavy 1 yr. field	\$.15

Dwarf type of Japanese Holly. Similar in some respects to Dwarf Yaupon. Good for formal plantings, planter boxes, and low foundation plants. As hardy as Rotundifolia.

8-10 inch, 1 Gallon Can	8	\$.85
-------------------------------	---	--------

Ilex crenata rotundifolia JAPANESE HOLLY

Roundleaved. Splendid dark green spineless holly for formal plantings. Makes a fine low hedge. A good substitute where other than Boxwood is desired. 4 feet.

Liners, 2½ inch pots		\$.18
<u>12-15 inch, 1 Gallon Can</u>	8	.70
<u>15-18 inch, 5 Gallon Can</u>	35	2.00

VERHALEN NURSERY CO.

Ilex microcarpa.....MICROCARPA HOLLY

A new fast growing plant resembling Japanese Ligustrum. Apparently hardier and has darker foliage. So far all stock available is from seed. Fruit is red. Ultimate height is 30 feet.

Liners, 2½ inch pots		\$.18
<u>18-24 inch, 1 Gallon Can</u>	8	.70
<u>3-4 feet, 5 Gallon Can</u>	35	2.50
2-3 feet, B&B	40	2.00

Ilex opaca.....AMERICAN HOLLY

Very hardy native tree with medium green oval leaves surrounded by evenly spaced short spines on the edge. Red berries. 5 feet.

	Weight	Price
18-24 inch, 1 Gallon Can (stk. ctgs) ..	8	\$.85
<u>3-4 feet, 5 Gallon Can (stk. ctgs.)</u> ..	35	2.25

Ilex opaca hybrid.....EAST PALATKA HOLLY

Hybrid of Ilex cassine and opaca. Bears dark red berries in heavy clusters; leaves rich green and practically spineless.

Liners, 2½ inch pots		\$.18
18-24 inch, 1 Gallon Can (staked)	8	.70
3-4 feet, 5 Gallon Can (staked)	35	2.00

Ilex pernyi.....PERNY HOLLY

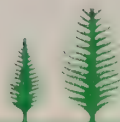

Large berried holly with deep green holly-like leaves. Grows compact to 10 feet.

<u>10-15 inches, 1 Gallon Can</u>	8	\$.70
---	---	--------

YAUPON HOLLY, 1 GALLON

“Cash” Discount means AT TIME OF ORDER OR DELIVERY—not 2 days or 20 days later—and does not apply where an unpaid balance exists.

Ilex vomitoria.....YAUPON HOLLY

A great favorite for hedges. Bright red berries. Our plants are unusually heavily sheared compact, bushy plants. Ours are cutting grown from berry producing plants. 12 feet.

	Weight	Price
Liners, 2½ inch pots		\$.18
<u>15-18 inch, 1 Gallon Can (sheared)</u>	<u>8</u>	<u>.65</u>
<u>24-30 inch, 5 Gallon Can (sheared)</u>	<u>35</u>	<u>1.75</u>

Ilex vomitoria, dwarf.....DWARF YAUPON HOLLY

Best, most durable holly where low growth is desired. Very slow grower. Ultimate size, 36 inch spread, 18 inch height.

Liners, 2½ inch pots		\$.18
<u>8-10 inch, 1 Gallon Can</u>	<u>8</u>	<u>.75</u>
<u>12-15 inch, 2 Gallon Can</u>	<u>20</u>	<u>1.75</u>
<u>15-18 inch, 5 Gallon Can</u>	<u>35</u>	<u>2.25</u>

Jasminum humile.....FLORIDA JASMINE

The most versatile and popular of the Jasmine family. Flowers through most of the summer after a profusion of blossoms in the spring. A most attractive plant; does well in arid climates, too. 4 feet.

Liners, 2½ inch pots		\$.18
<u>15-18 inch, 1 Gallon Can</u>	<u>8</u>	<u>.60</u>

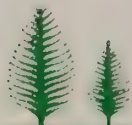

Jasminum parkeri.....PARKER'S JASMINE

A true dwarf Jasmine in habit of growth, size of leaves and size of flower; from all appearance a miniature Florida Jasmine.

Liners, 2½ inch pots		\$.20
<u>8-10 inch, 1 Gallon Can</u>	<u>8</u>	<u>.65</u>

CHERRY LAUREL, 1 GALLON

VERHALEN NURSERY CO.

Laurocerasus caroliniana CHERRY LAUREL

Since this plant is subject to loss of foliage when transplanted, container grown stock is all the more desirable. This is an exceptionally good plant for hedge work. It responds to shearing as well as any.

	Weight	Price
Liners, 2½ inch pots		\$.18
<u>15-18 inch, 1 Gallon Can</u>	8	.65
<u>3-4 feet, 5 Gallon Can</u>	35	2.00
<u>2-3 feet, B&B</u>	40	1.25

Leucophyllum texanum SENISA

Sage-like shrub. Abundant orchid colored flowers after every summer rain. Dwarf variety. Compact grower, 5 feet.

<u>12-15 inch, 1 Gallon Can</u>	8	\$.70
---------------------------------------	---	--------

Evergreen, good for tree or hedges. Fast growing, easy to transplant. 20 feet.

<u>18-24 inch, 1 Gallon Can</u>	8	\$.60
<u>3-4 feet, B&B</u>	30	1.00

WAXLEAF, 1 GALLON

Ligustrum lucidum compactum WAXLEAF PRIVET

Dense, compact, glossy dark green leaves. Grows six feet in height and horizontally the same, but requires some shearing to keep it symmetrical. 8 feet.

Liners, 2½ inch pots		\$.18
<u>15-18 inch, 1 Gallon Can</u>	8	.65
<u>24-30 inch, 5 Gallon Can</u>	35	1.75
18-24 inch, B&B	30	.85
30-36 inch, B&B	40	1.40

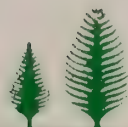

Ligustrum lucidum erectum UPRIGHT WAXLEAF PRIVET

A very stiff branched upright waxleaf. The best for hedges for minimum of shearing. Something new and different with a future.

<u>15-18 inch, 1 Gallon Can</u>	8	\$.65
---------------------------------------	---	--------

10% "CASH" Discount on plant material. 5% quantity discount on 250. 10% quantity discount on 1000. Quantity discounts apply to one variety, one delivery. No discount on invoices less than \$10.00.

SCOTTSVILLE & DALLAS, TEXAS

Ligustrum lucidum macrophylla BLACKWAX PRIVET

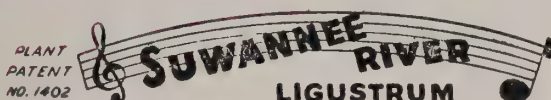

Large, dark leaf ligustrum. 10 feet.

	Weight	Price
Liners, 2½ inch pots		\$.18
15-18 inch, 1 Gallon Can	8	.65
<u>24-30 inch, 5 Gallon Can</u>	35	1.75
18-24 inch, B&B	30	.85
30-36 inch, B&B	40	1.40

Ligustrum lucidum rependum..... CRINKLE WAXLEAF PRIVET

More upright growth than other lucidum. Leaves are smaller with denser foliage than regular wax. Will adapt better to hedges because of compactness and upright tendency.

<u>15-18 inch, 1 Gallon Can</u>	8	\$.65
---------------------------------------	---	--------

Ligustrum, Suwannee River, Pat'd..... SUWANNEE RIVER WAXLEAF

A new, very dark green compact hardy Waxleaf valuable because of its dwarf slow growing nature. 5 feet.

	Weight		Price
		10-49	50 & up
10-12 inch, 1 Gallon Can	8	\$1.25	\$.95
<u>18-24 inch, 5 Gallon Can</u>	35	2.25	2.00

Lonicera yunnanensis..... YUNNAN HONEYSUCKLE

Hardy in southern Kansas and Oklahoma. Dwarf, but relatively fast growing, semi-prostrate shrub with small leaves; pink but not prominent flowers. Most attractive for hedge or planter boxes. Does well sheared; should be grown in afternoon shade. 2 feet.

<u>12-15 inch, 1 Gallon Can</u>	8	\$.65
---------------------------------------	---	--------

Magnolia grandiflora..... SOUTHERN MAGNOLIA

Very large and handsome dark green glossy leaves with the familiar huge, fragrant white blossoms which make these trees a thing of majestic beauty. 50 feet.

Liners, 2½ inch pots (heavy)		\$.18
18-24 inch, 1 Gallon Can	8	.70
<u>30-36 inch, 5 Gallon Can</u>	35	2.00
<u>36-48 inch, 5 Gallon Can</u>	35	2.50
4-5 feet, 5 Gallon Can	35	3.00

Mahonia bealei..... LEATHERLEAF MAHONIA

This plant is most desirable because it fills so well the need for shaded areas. It thrives in shade but will take some sun if for a short period of time, preferably in the morning. Large shiny leaves with spines make this plant unusually appealing. Also, large clusters of yellow flowers followed by blue grapelike seed pods add to its sales appeal. 3 feet.

Liners, 2½ inch pots		\$.18
<u>12-15 inch, 1 Gallon Can</u>	8	.70

Nandina domestica..... NANDINA

This cane-like shrub with its small dainty and light green summer foliage is an accepted "must" with gardeners because of the gorgeous leaf coloring in the fall and immense clusters of red berries which are retained throughout the winter. 8 feet.

Liners, 2½ inch pots (2-3 per pot)		\$.18
<u>12-18 inch, 1 Gallon Can (2-3 per can)</u>	8	.65
<u>18-24 inch, 5 Gallon Can (2-3 per can)</u>	35	1.75

Nerium oleander..... OLEANDER

Large and fast growing evergreen. Grows from Gulf Coast to arid regions of the west. Long period of bloom. Red, Pink, White, Double Yellow.

15-18 inch, 1 Gallon Can	8	\$.70
3-4 feet, 5 Gallon Can	35	1.75

SOUTHLAND NURSERY SHADING

Manufactured Especially for Nurseries
Desiring the Proper Amount of Controlled Shade

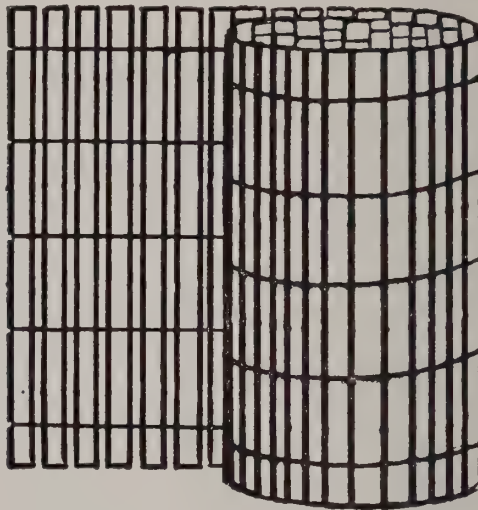

Ordinary snow fence provides 40 to 50% shade. Our special wood and wire shading consisting of a wider, thinner, ($\frac{3}{8}$ inch by $2\frac{1}{4}$ inch slat) spaced $1\frac{3}{4}$ inches apart provides 20% more shade with a better distribution of weight per square foot.

WE MANUFACTURE WHAT YOU, THE NURSERY-
MEN, DESIRE AS A LATH HOUSE COVER; GOOD
SMOOTH YELLOW PINE LATH (THE STRONGEST
OF THE SOFT WOODS) WOVEN TOGETHER WITH

VERHALEN NURSERY CO.

HEAVY GALVANIZED WIRE AND DIPPED IN A 5% PENTA SOLUTION TO MAKE IT LAST FOR MANY YEARS, PLUS A GREEN OIL BASE SHINGLE STAIN, IF COLORED SHADING MATERIAL IS DESIRED.

It is stronger than other types of shading material, costs less than most and can be installed by unskilled, inexpensive labor. Once erected, it's strong enough to walk on and rugged enough to withstand rough weather conditions, such as high winds, sleet, ice, snow and hail.

PRICES: Per 50 Foot Roll, 4 Feet Wide, F.O.B. Dallas or Scottsville:

HANDY-MAN GRIPZIT PLIERS

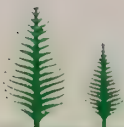

Working principle is same as ice tongs. Two cans may be carried with one pliers. Small and light enough to keep in pocket. For moving any size canned plant for any reason the Gripzit is the tool to use. Buy two at a time, carry four large cans instead of two.

Each\$3.20

2 to 5 Units, Each 2.90

Packing Weight—2 Units, 2 lbs.

VERHALEN NURSERY CO.

A FERTILIZER MEASURING DISPENSER

A tool to reduce nursery labor costs. Built by Ayer-Line of California of high quality materials. Precision built to accurately measure (adjustable for different amounts) and dispense fertilizer cleanly through a long tube. No back bending for the operator—no spilling on foliage of plants.

COVERED HOPPER—Holds 20 lbs., protected from weather and spilling.

ADJUSTABLE MEASUREMENTS—Same amount dispensed each time. Amounts dispensed according to needs by simple adjusting device.

LONG TUBE DISPENSER—All fertilizer goes into container; waste eliminated. Measured amount deposited in can; not on foliage. Relaxed standing position to operate.

LABOR SAVER—Work fast. Any employee can use; no experience needed. Green help can do a better job than experienced man with hand method.

Professional Hand Pruner

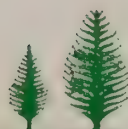

No. 80 (Corona-Rieser Pattern)

“King Size”

Fully forged, scientifically designed cutting head is your assurance that it's tops in modern design and manufacturing technique. Replaceable blade. Long narrow blade and hook easily gets into those hard to prune places. Bring on the tough trimming tasks and make light work of it with No. 80. Neoprene handles are easy on the hands; rubber bumper prevents pinching of the hand and acts as a shock absorber. No. 80 is the newest tool to hit the market for the professional user. Modeled after the famous Swiss-German pattern. Overall length, 8 7/8 inches.

Price each.....\$5.95

Weight—1 lb. each

"Pro" Hand Pruner, No. 800

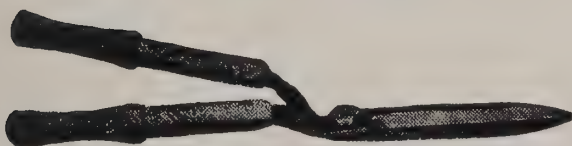

This tool is a professional type pruner with adjustable blade tension, curved blades and non-slip cutting action. It's made of the finest steel. Replaceable blade feature increases tool life. Easily handles tough pruning jobs. Rose, fruit growers, and nurserymen proclaim it America's finest. This tool exploits the well known Calkins pattern, featuring the very abrupt type hook and short blade. Overall length, 7½ inches.

Price, each\$4.45

Weight—Approx. 1 lb. each

Hedge Shear, No. K-7

(Hardware Grade)

Here is a shear that has all the good cutting features of the regular Corona No. 7, but with a solid eccentric bumper stop instead of the neoprene shock absorber; hickory handles (not quite as highly finished as the Corona No. 7) it is a splendid shear at a low popular price. Overall length, 20½ inches; blade length, 8 inches.

Price, each\$4.80

Weight, each—2 lbs.

Florist or Thinning Shear, No. 21-S

A sturdy shear widely used by florists for cutting ribbons, soft wire, and flower stems. Also, unmatched for many home uses such as cutting vegetables, dissecting chickens, turkeys, or rabbits. Housewives find it has more utility than ordinary scissors. A fine shear for picking flowers, making bouquets, corsages, and all forms of thinning. Overall length 7¾ inches. Also comes with curved blades.

Price, each\$2.70

Weight, each—approx. 1 lb.

Corona Anvil Type Shear, 89A

A 20th Century marvel in beauty and easy cutting power. An amazing value with features galore such as pistol grip shape, one hand operated catch, open end handles—can't pinch, oversize pivot bolt, knurled handles, concealed spring, small cutting head, increased leverage, replaceable blade, replaceable soft metal anvil, chrome plated on steel. Users acclaim it America's finest anvil type hand pruning shear. Overall length, 8 inches.

Price, each\$3.25

Weight, each—12 ozs.

Corona Grass Shear, No. 5

An extra fine professional pattern grass shear with a host of plus features: Drop forged Corona-loy cutlery steel, light weight, one hand operated catch, soft velvety neoprene handle grips, flush pivot bolt permits shear to lie flat on surface for cutting, Corona bulge design permits use with equal facility for right or left hand operator; no horns, guards or protrusions on handles and, above all, ample knuckle clearance; natural steel finish, no paint to chip. Blade length 5 inches; Overall length, 12 inches.

Price, each\$3.25

Weight, each—13 ozs.

Tree Pruners, No. 126 BN

Medium Weight Type

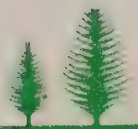

This is the famous Hawley pattern, a design that has won it wide acclaim as America's Top Professional Shear. Features as follows: Medium weight; blade overlaps hook for extra wear; Razor sharp cutting blades; Full curved hook holds work; No. 1 loft dried hickory handles; Corona neoprene shock absorbers; Choice of handle attachments. Overall length, 26 inches.

Price, each\$6.95

Weight, each—2 lbs.

SOIL SHREDDERS

W-W Compost Grinders and
Soil Shredders

GRIND . . . SHRED . . . PULVERIZE
MIX . . . SCREEN

MODELS FROM \$134.95 TO \$800.40
F.O.B. Scottsville or Dallas

MODEL "A" GRINDER AND SHREDDER

Here's the latest development in compost grinding and soil shredding equipment. It's the all new W-W Model A, which is especially designed for the home gardener and small operator, who demand the superior grinding and shredding for which W-W units are famous . . . yet who don't require the capacity that is available in the W-W

larger models. It is available in either gas or electric models. This low-cost machine has shredding bars and grinding screen which are interchangeable. Some organic materials must be ground, yet most other matter should be shredded. Only W-W lets you do both!

Here's the machine that has the price you desire . . . yet no sacrifice has been made in quality.

(Priced the Same for Gas or Electric Models)

(Equipped with Both Screen and Rollers)

Model A\$134.95

Shipping Weight—Approximately 130 lbs.

MODEL 2-XB GRINDER AND SHREDDER

COMPOST— AS YOU LIKE IT

Make compost the way you like it . . . and add new life to your garden. The W-W Compost Grinder has no equal in doing just that, plus dozens of other grinding and mixing jobs. Prepares everything from light organic matter for composting, mulch or fertilizer to grinding tough sod and caked manure. Separates trash from wanted material. It's America's favorite grinder . . . with both amateur and professional gardeners. Five models from which to choose.

**MAKES POTTING SOIL WITHOUT

F.O.B. Scottsville or Dallas

Shipping Weight—Approx. 239 lbs.

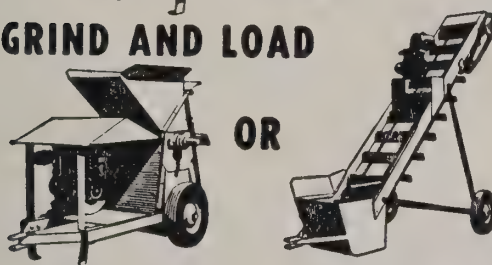

WICHITA CHIEF WONDER MODEL COMBINATION 4-EV

HAS DETACHABLE ELEVATOR

GRIND AND LOAD

OR

GRIND ONLY OR LOAD ONLY

A model that will do double duty for nurseries, a machine that will both grind and load. The hopper on the Model 4-EV will handle the shoveling of three men. As on all Wonder Models, the cutting blades which travel at tremendous speed, pick up the material and thoroughly grind and mix it before it passes through the rollers. The material is then picked up by the conveyor-type elevator for loading. Material is conveyed on twelve inch acid resisting belt with roller type chain drive. Damp materials will not clog conveyor.
